

House of Dreams Foundation

Dreams inspire interpersonal connections

De groep kinderen voor het op 8 maart 2018 geopende hostel in Dunggadara in West-Nepal

The House of Dreams Foundation supports projects that affect us closely, be it in education, housing, healthcare or personal development. The objective is to achieve a secure and sustainable future for those who need it most.

It is about helping people to help themselves and thus strengthen community ties. We aspire to have a broad vision of the perception of mutual aid among the most disadvantaged, because building a community can be beyond one's direct surroundings. To this end, we support projects in Nepal and India.

We invite you to share with us your ideas to thus enrich ours and help us to accomplish them.

If your plan is for one hundred years, educate children.**
